

Attention all TPR'S:

This is a list of active TPR's since 2008. Please contact me if you have been left off. Also please remember to let the Chief Steward of your name, status and days TPR'd at rides so that you go into the draw for an Akubra hat.

NSWERA is also going to give our TPR's their own, monogrammed "Cherished TPR" vest when they have TPR'd 20 days, as well as a stethoscope, stop watch and a thermometer. (Days being either the full pre-ride entry session or the whole day of the ride).

Attention all Chief Stewards:

This is a list of active Chief Stewards. Please contact me if you have been left off. Please remember to note the TPR's name, status and days TPR'd at rides so they can go into the draw for a fuel voucher.

NSWERA is also going to give our Chief Steward's their own, monogrammed "Treasured CS" vest when they have Chief Stewarded at 15 rides

Also please remember that invasive treatment reports given on horses at rides also need to have a rider's report done. If a rest order is issued, a red sticker is placed on the logbook with the rest time indicated. The white copy is given to the rider and the pink and yellow copies accompany the Invasive Treatment and Rider's Reports to the NSWERA CS.
