Another full and feature packed newsletter.

Unfortunately there is no room in this newsletter for the AERA meeting report. If you want to know what's going on at the AERA, just go to the Web and have a look there. Either to go [www.nswera.asn.au](http://www.nswera.asn.au) or [www.aera.asn.au](http://www.aera.asn.au) and you will find the minutes there.

Congratulations to all involved with the Shahzada. Full report next newsletter.

Best wishes to all intending to go to the Quilty. Good Luck.

# President's Report

The July / August period has seen six successful rides completed with the classic Shahzada underway as I report, where, by early accounts, a wonderful week of endurance riding is being enjoyed by a good turnout. Hope the weather holds up for you guys! Wish I was there.

Planning of the promotional activities at Equitana in November has advanced and NSWERA has booked a stand in its own right and we will be presenting two featured events in the arena.

This year the SMC has taken some initiatives in the area of communication with the Feedback page on the web providing an avenue for direct input for members on several issues in recent months; this is now augmented with Gay

Bonham's Ride Administration Portfolio starting up

a two way monthly Liaison communication to keep the Ride Organizers up to date and provide the SMC with any feedback from this area.

The program of training and development for officials and volunteers, which is being funded by the NSW Department of Sport and Recreation, continued with a TPR school at Wauchope and a conflict resolution workshop for SMC members, Chief Stewards, and Ride Organizers, run in conjunction with the SMC August meeting at Windsor.

The activities of the Ride Calendar sub-committee draw to a close with the production of the 'Traditional Dates' template and the 'separation Criteria' defined. A new sub-committee to address membership growth has been launched; please support this sub-committee's activities with ideas and input through the Feedback page on the NSWERA Web site.

The present 'outbreak' of Hendra virus with the confirmation of cases in NSW has caused some concern among our members and may have affected attendance numbers at some recent rides. Unlike EI the Hendra virus is very fragile and requires close contact to transmit and it is therefore a very remote, almost negligible, possibility at one of our rides; the application of some basic bio-security measures will further reduce the risk.

September / October will be a busy riding period with six rides scheduled besides the SA Quilty; good luck and good riding to everyone, particular those doing the long haul over to Mt. Pleasant.

Happy horses make happy riders, regards, Tom.

## Meeting with senior NPWS staff

Along with several other representatives of the Australian Horse Alliance, during July I met with Sally Barnes, Head of the National Parks & Wildlife Service, and several of her most senior staff. The tone of the meeting was extremely positive, and it is clear that there has been a major shift in attitude within NPWS towards horse riding. Key points made by NPWS include

- horse riding is recognised as an appropriate activity in National Parks
- the default position for future plans of management should be that horse riding is allowed unless there are specific reasons why it should not be permitted
- negative language and unsupported allegations of impact in relation to horse riding will be progressively removed from plans of management
- the policy which prohibits horse riding in wilderness areas is open for re-examination

To foster better relationships between horse riders and NPWS, we were asked to provide details for regional contacts willing to act as liaison points in their local area. If you would be prepared to put your name forward, please email your details to me, including the area you are located, at [effandee@iprimus.com.au](mailto:effandee@iprimus.com.au)

## NPWS Advisory Council

Following the meeting, I was contacted by Sally Barnes and asked to put my name forward for appointment to the NPWS Advisory Council, the highly influential state-wide advisory body to NPWS. The appointment has yet to be approved by NSW Cabinet – watch this space!

## Draft Plans of Management

Note: all National Parks & Wildlife Service Plans of Management, both draft and finalised, can be viewed at the NPWS website at <http://www.environment.nsw.gov.au/parkmanagement/ParkAndFireManagementPlansByCategory.htm>

You can make submissions by post, email or directly from the website. A submission is simply your comments on the plan of management, whether agreeing or disagreeing with what is being proposed.

**Illawarra Escarpment State Conservation Area** – Wollongong area from Stanwell Park to West Dapto. Horse riding permitted on roads and "suitable" management trails (not defined or specified). Submissions close 31 October 2011.

## NEWS FOR YOUR NEXT CAMPFIRE

Tom McCormack

NSWERA Member 22507

AERA President August 3rd 2011

The AERA held its second meeting of the year from the 15<sup>th</sup> till 17th July in Brisbane. The agenda was extremely full and we addressed all but the late agenda items. The major issues were as follows.

### **Hendra Virus**

With the emergence of the Hendra virus in recent months in both QLD and NSW, the AERA considered relevant Risk Management strategies for our Sport. The AERA recommends that members follow the expert advice as provided on the relevant State DPI websites. In addition both QLD

and NSW SMCs will be developing appropriate risk management strategies for their respective circumstances and members are required to follow these policies when issued.

Our rules currently require a mandatory necropsy should a horse die during, or as a result of an Endurance event. As a consequence of Hendra and other possible zoonotic diseases, the AERA has reconsidered the mandatory requirement and replaced it with a risk based assessment to be undertaken by the Veterinarian. Rules are currently being re-worded and a risk assessment document written which will be passed to relevant Veterinary personnel for comment and revision when completed. In the interim, the intent of the new rule is being communicated to Vets and Chief Stewards.

### **Constitutional Review**

Progress continues on the review of the AERA Constitution and a probable change in legal structure. A draft should soon be ready for release to State SMCs for consideration and feedback. Following this process a further draft will be circulated for membership consideration and feedback. The goal is to take the new Constitution / structure to each AGM this year for ratification with implementation during 2012 once all the necessary documentation has been completed.

### **International Endurance Forum**

A de-brief from the organisers of the IEF confirmed that the event was extremely successful and very well attended. The feedback was very positive with valuable information provided on a wide range of topics.

### **EA – AERA Agreement**

The EA-AERA affiliation agreement has not been signed and negotiations continue. The unresolved issues relate to the use of FEI passports and possible EA Endurance membership.

### **Tom Quilty Website**

The AERA has registered the domain name [www.tomquilty.com.au](http://www.tomquilty.com.au). This will be a dedicated website for the Tom Quilty. Future TQ Committees will not have to register their own web domains and will be provided free access to this website to design, manage and maintain their own dedicated webpage. Past TQ committees can have their files archived on this website at no cost. This will rationalize the many different web pages that have been created over the years and provide cost savings to future TQ Committees. If previous TQ Committees still have their web files they can forward them to the AERA webmaster for placement on the new domain.

### **First year of AERA State Grants**

*(Continued on page 5)*

Since the first AERA meeting in March, all States have been issued with uniform course marking materials and reflective tape. Delegates reported that this was well received by the general membership. Discussions are under way as to what items will be in the next round of grants.

### **Database**

Steve Swan has made good progress with the database development. A full specification for the database has been graciously written by QERA member Madelaine Fisher and is near completion. The developer has provided a recommendation regarding an operating platform for the database which is being assessed. Once the platform is agreed and the specifications completed a teleconference will be held with key users for a review prior to a 2 month development period after which field testing will begin.

### **Tom Quilty**

Preparations for the SA Tom Quilty in September at Mt. Pleasant are progressing extremely well and a professional event is assured. The AERA would like to thank Jean Sims and her Committee for a very thorough and professional approach and wish the SA Tom Quilty Committee many "bums in saddles" for the event.

At the meeting more schedules were tabled and adopted providing clarity for future Tom Quilty Committees in relation to Vets and Chief Stewards with regard to numbers required the selection process and cost allocation.

### **RULE CHANGES**

#### **2<sup>nd</sup> Vote - Elevator Training Rides**

The amendment to the rules to permit Elevator Training Rides was passed unanimously on its second vote and will become effective from 01/01/2012.

#### **1<sup>st</sup> Vote - Trot outs on a post ride represent.**

It was noted that vets have asked for horses to represent which had successfully withdrawn from the event in accordance with the relevant rule(s). At the represent the horse was trotted out and was judged lame and the withdrawn was changed to a Vet Out lame. This is not the intent of the relevant rule and so a motion to amend the rule was tabled to clarify that horses are not be trotted for a **post ride represent**. The motion was passed unanimously on its first vote.

#### **1<sup>st</sup> Vote - Recording of vetting time for Early Present Vetting.**

VERA presented a motion to permit the actual time that a horse presents for early vetting to be recorded in the logbook. The motion was lost.

#### **1st Vote - A novice horse may only enter 2 rides in any 22 day period.**

QERA presented a motion that a novice horse may only enter 2 rides in any 22 day period. The motion was passed.

#### **1<sup>st</sup> Vote – Use of hobbles at events.**

WAERA presented a motion to permit the use of hobbles in certain circumstances at events. The motion was lost.

There were several more items discussed too numerous to list here. Suffice to say, I am promoting a period of review within the AERA and challenging all of us at the table to review how and why we do things, what do we do well, what we do poorly and how will we improve. We re-structured the agenda for the last meeting and I suggest it was successful in keeping the meeting focused and progressing.

The AERA is embracing new technologies with sub committees now utilizing teleconferences on 4 occasions which is an extremely cost effective method to progress issues between meetings.

Finally, our thoughts and best wishes go to Roy Noble our Treasurer and to Anne Jones our Secretary who have both had major health challenges recently. All the best Roy and Anne for full and speedy recovery.

Safe and enjoyable riding to all.

**Tom McCormack**

# RIDE SECRETARIES

If you intend to change your ride details these changes **MUST** come in the form of a new application for approval by NSW ERA through the proper channels. No ride change requests are to be made direct to the newsletter.

NSW ERA Committee.

# **Hendra Virus July 2011.**

## **Risk Reduction.**

**Please Note:** These Risk Reduction Procedures and the Mandatory logging of temperatures will remain effective until further notice. Hopefully we will soon see an end to this present Hendra episode.

### **An Overview**

**Horses** - Hendra virus is not highly infectious and is only transmitted from one horse to another when they are in very close contact (e.g. nose to nose). This is a totally different situation from Equine Influenza, which is highly infectious. The NSW horse industry is not subject to general movement restrictions for Hendra virus - except for the properties under quarantine. Horse owners should practice good biosecurity, and not travel, work on or take unwell horses to other properties or equestrian events.

**People** - Horses can shed Hendra virus for about three days before they show any sign of illness. So all horse handlers should protect themselves by routinely using good hygiene practices whenever handling horses. Always cover any cuts or abrasions on exposed skin before handling your horse. Always wash your hands with soap and water, particularly after handling your horse's mouth or nose. Do not smoke, eat or touch your eyes, nose or mouth until you have washed your hands.

At Home

Every horse owner, particularly those in areas where fruit bats (flying foxes) may be present, should remain up to date with the current situation and apply the preventive measures recommended by the NSW DPI. Go to:-

<http://www.dpi.nsw.gov.au/agriculture/livestock/horses/health/general/hendra-virus>

and more specifically,

<http://www.dpi.nsw.gov.au/agriculture/livestock/horses/health/general/horse-events-guidelines>

### **At an Endurance Event**

NSW DPI Advises there is no reason to cancel events if people take sensible precautions. The NSW DPI 'Horse Events Guidelines' ( <http://www.dpi.nsw.gov.au/agriculture/livestock/horses/health/general/horse-events-guidelines>) set out a series of recommendations for horse event management records that are more than adequately met by our routine ride records, and the following procedure including basic precautions should ensure any remaining risk is further reduced at an Endurance Event.

#### **Activity**

#### **Risk Reduction Procedure**

Before the Event

Ensure all horses attending an affiliated Endurance ride have not shown any signs of illness or elevated temperature (over 38.5 degrees) for a period of no less than three days prior to the event. Record the temperatures and observations on a Temperature log. Forms may be printed off from the NSWERA web site.

On Arrival	<p>A Temperature log for each horse, signed by the 'Responsible Person' is to be presented at the gate.</p> <p>Proceed to your camp site; unload the horses keeping them within your camp area while the yards are set up.</p> <p>Ensure a minimum distance of at least three meters between yards of adjacent camps.</p>
In and Around Camp	<p><b>Horses</b> – Keep horses in their own yards as much as possible, and when moving them about keep them apart from other horses – particularly avoid nose to nose contact and don't let them pick in traffic areas. Don't loiter in the vetting area.</p> <p><b>People</b> – Routine hygiene practices as noted in the overview above. Don't handle other people's horses and discourage other people from approaching your horses.</p>
TPR's	<p>TPR's are to avoid the horses' head and are to clean their hands with alcohol hand cleaner, and use alcohol wipes on their thermometer immediately after each horse. TPR's with nicks or cuts on their hands must wear gloves. Disposable gloves, P2 masks, and eye protection will be available for use where the head vet and Chief Steward deem it appropriate, or where individuals choose to wear them.</p> <p>To ensure log books are a record of officials that have handled the horse, TPR's shall initial log book entries.</p>
Vets	<p>The head vet will determine the protocols and procedures adopted by the veterinary team.</p> <p>NSWERA shall make at least one set of full PPE available through the Chief Steward and a quarantine area away from the other horses shall be set aside for suspect horses.</p> <p>The head vet shall determine the course of action / treatment for any horse that becomes ill during the event.</p> <p>In the case of an ill horse evaluate all possible human exposures and refer for medical assessment.</p>
On Track	<p>Riders are advised to keep a distance between their and other horses – avoid nose to nose contact. All check point and gate volunteers are to remain clear of all horses.</p>
Water on Track	<p>Access horse drinking water in order of preference; Clean running water, dams, and then tubs.</p>
Disposal	<p>Collect discarded wipes, gloves, and masks in a dedicated bag, double bag and seal and store safely for one week before disposal as normal garbage.</p>

# Kiwarrak Cup Ride

**30th October 2011**

The base will be the same as usual at 215 Careys Rd Hillville (near Taree). There is plenty of flat, shady, camping available from Friday to Monday, horse water and firewood will be provided (if camp fires permitted).

The 80km ride will start at 5.00am. First across the line will win the coveted Kiwarrak Cup and there will be winners' rugs and Kiwarrak Cup completion buckles. As usual there will be 40km training and 20km social rides with good completion prizes.

The terrain is undulating with lots of open going and plenty of water on track. There is no tar with all tracks using lovely forest trails. This year we will again be having two different legs, with the second leg having great views out to the ocean.

Admin opens Saturday at 10.00am and vetting will be from 1.00 to 5.00. Social riders arriving on Sunday morning will be able to vet anytime before 8.30.

Amanda, our professional caterer, will be offering a delicious Saturday evening meal along with the usual variety of wraps and 'to die for' cakes.

Travelling from the south (Sydney), stay on the Pacific Highway until the first Taree exit. Travelling from the north (Kempsey), stay on the Pacific Highway until the second Taree exit. Follow signs for Gloucester onto the Bucketts Way. The base will be sign posted after the Pacific Highway turnoff and from the Bucketts Way.

Entry fees are: 80km senior \$85, junior \$60: 40km \$45: 20km \$25 (excl day membership).

Any T.P.R help on the week-end would be appreciated.

Base is well placed less than 4 hours from Sydney on the much improved Pacific Highway. We look forward to seeing old and new friends at the Kiwarrak Cup.

Pre-nominations would be appreciated. For more information please contact the secretary Abby McMurrich on (02) 6550 6337 or email [abbymcmurrich@hotmail.com](mailto:abbymcmurrich@hotmail.com)

# Woodstock

**80km 40km 20km  
October 15-16, 2011**

Lachlan Endurance Riders Club once again welcomes you to the Woodstock Showground for its annual rides. This year we are conducting 40 and 20km rides on Saturday afternoon as well as the usual 80, 40 and 20km on Sunday, giving riders the option to ride in one event, bring a second horse or try two events on the same horse.

Woodstock is approx 25km east of Cowra and 85km west of Bathurst, just 4km off the Mid Western Hwy. The Ride Base will be sign posted.

The showground has excellent facilities, flushing toilets and hot showers, town water and plenty of room and shade. Firewood will be provided. There will be a canteen operating from lunch time on Saturday, and a hot evening meal and dessert will be available at a reasonable cost by our friends from the Royal Hotel, Woodstock.

The course will be similar to previous years, a mixture of private property, stock routes and some gravel road. The track is mostly undulating and very achievable for novice horses. The country in this area is usually at its best at this time of year and hopefully there will be green grass in abundance!

Entries and vetting for the Saturday 40/20km rides will be between 9-11am,  
start times will be 12 midday for the 40km and 12:30 for the 20km.

Vetting for the Sunday 80/40/20 will be between 1-5pm.

Start times on Sunday will be daylight for the 80km and 7am for the 40km. The 20km ride will start at 10am allowing riders to arrive and vet on Sunday morning.

Entries are \$40 and \$20 for the 40 and 20km, \$80 for the 80km, \$60 juniors. Snowy Zone members receive a \$5 discount.

Enquiries and nominations (no payment required) please email or call the ride secretary Helen Lindsay [kintamaniarabs@bigpond.com](mailto:kintamaniarabs@bigpond.com) (02) 6342 9289, or

Erica Allan [ejallan@tpg.com.au](mailto:ejallan@tpg.com.au) (02) 6345 0149.

Please indicate if you would like a meal when nominating.

All riders please stay up to date with any applicable Hendra Virus Biosecurity requirements, such as the Temperature Log, or enquire closer to the date.

Hope to see you in Woodstock in October, another Snowy Zone ride!

## **TIE UP YOUR DOGS**

**Riders are responsible for the behaviour of their support crews and friends.**

**This extends to dogs associated with their camp**, which must be restrained at all times, either on a lead or secured in a float or vehicle.

The Chief Steward may disqualify a rider if that riders' support crew causes disruption detrimental to the running of the ride. Refusal to restrain a dog (of any size) after being requested to do so by the Chief Steward, or an official of the Organising Ride Committee, may also lead to disqualification of the rider.

**NSW Committee**

# Zone 2 Championships @ Windeyer

## 19<sup>th</sup> and 20<sup>th</sup> November 2011.

The Windeyer Ride Committee would like to invite you to attend the Zone 2 Championships to be held on 19<sup>th</sup> and 20<sup>th</sup> November 2011.

**The Ride:** We will be running an 80km/100km elevator, a 40km training ride and a 20km social ride. All rides will be held on Sunday 20<sup>th</sup> November. The office will be open for entries from 12pm on Saturday and vetting will be held between 1pm and 5pm. People intending to enter the 20km and 40km ride will also have the opportunity to vet prior to 9am on Sunday.

**The Course:** Will be similar to last year's ride, consisting of dirt roads and open paddocks through private property. The first leg is 50km, the second leg is 30km and the last leg is 20km. There will be a few hills however none too steep and there will be a small amount of bitumen.

**The Ride Base:** The ride base is the same as previous years. There is plenty of room for camping. There are taps around camp for water however we will also have water available for those people not close to taps. There are flushing toilets and there is one men's and one ladies shower. We do ask if using showers to keep them short as fresh tank water for shower use is limited.

**Canteen:** For those of you having attended the Windeyer ride previously our canteen will be headed by none other than Vicky George. An evening meal will be provided for \$20 per adult and \$12 for children under 13 years and is a three course buffet. The menu is extensive and I am happy to email the menu for the weekend if required. If you could indicate on your pre-nom whether you will require dinner and how many people will be having dinner.

**The Prizes –** There will be 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> prizes in all divisions for those who complete the 100km. As well as best conditioned horse awards for all divisions completing the 100km ride. Zone 2 championship buckles will be awarded to successful 100km riders as well as awards for those completing the 80km, 40km and 20km ride.

**Prenominations:** by 10<sup>th</sup> November would be greatly appreciated to assist with catering, organisation, etc.

**Entry Fees:** \$95 per senior, \$75 per junior, \$50 for 40 km and \$30 for 20km. Day membership will need to be added for 40km and 20km riders who are not members. The cost also includes camping fees.

This ride will be hosted by a new ride committee and we look forward to seeing you all there. If after prenominating, you are unable to attend please contact Gail Fisher on 02 6373 3932.

# **Zone One Training Weekend**

## **40km Ride, 15km Social Ride & 5km Introductory Ride**

### **Weekend 11<sup>th</sup> & 12<sup>th</sup> February 2012**

The Zone One Committee will be running a two-day event on the weekend of Saturday 11<sup>th</sup> February 2012 and Sunday 12<sup>th</sup> February 2012. On each day there will be a 40km ride, a 20km Social Ride and a 5km Introductory Ride. The ride base will be as usual at the Upper Colo Reserve, Upper Colo - located approximately 12kms from the Putty Road on the beautiful Colo River, so bring your swimmers as it's a great place to cool off on a hot day.

#### **SATURDAY**

The office will open at 10.00am, vetting to commence at 10.30am with the ride to start at 1.00pm.

The 40km ride will head along Upper Colo Road, turning left onto Comleroy Road, with a good up-hill run to the first check point at the power lines. Continuing along Comleroy Road and turning right onto Mountain Lagoon Road (now the super highway of Colo) but don't underestimate the climb to the top. The Mountain Lagoon checkpoint will have water and refreshments for you and your horse. From there you will continue out along Mountain Lagoon Road for 2 ½ Kms to a turn around, before heading back and turning left onto Sams Way, left up onto Gaspers Track and then descending Ward's Track to the fire station for a rest and water for the horses, before turning right onto Upper Colo Road and heading back into base.

We will be operating a heart rate gate at the half way mark at Mountain Lagoon. All horses will have their pulse taken and must meet the required HR (which will be set by the head vet) before heading off. Strapping water and sponges will be available.

The 20km Social Ride and 5km introductory rides will start around 2.00pm and 2.30pm respectively. The 20km Social Ride will be turning right off the bridge out onto the Upper Colo Road which will lead you to a turn around check point and back into base again. The track is relatively flat and easy going.

The 5km Intro Ride will take you in the same direction as the other rides, there will be a turn around check point and back into base again. A great easy ride - and walk for anyone supervising the budding endurance rider.

#### **SUNDAY**

The office will open 6.00am with vetting starting at 6.30am. The 40km ride will start at 8.30am and will follow the same course as Saturday.

The 20km Social Ride and 5km introductory rides will start around 10am and 10.30 respectively and will follow the same course as Saturday.

The wonderful volunteers from the Upper Colo Fire Brigade will also be providing the canteen goodies on both days, so please support them. There will be completion prizes awarded at the presentation on each day.

Volunteer track stewards and TPRs would be greatly appreciated – please let Marita Rifai know if you are able to assist us on either day. Marita can be reached via email at [maritarifai@yahoo.com](mailto:maritarifai@yahoo.com)

- 40km Ride - \$60 for Members add \$10 for Non-Member NSWERA Day Membership
- Social Ride - \$30 for Members add \$5 for Non-members NSWERA Day Membership
- Introductory Ride - \$15 for Members add \$5 for Non-members NSWERA Day Membership

Please contact our Ride Secretary Judy Shore on 9652 1393 or email [stanshore@bigpond.com](mailto:stanshore@bigpond.com) for further information. Pre-nominations would be appreciated so that we can arrange enough vets on the day as well as allowing the canteen to provide enough food for you all.

Camping overnight is at your own discretion, your campsite booking and \$6 camping fee must be arranged by you directly with council. The Zone One Committee is not responsible for the collection of this fee.

The Zone One Committee is looking forward to seeing you at our Training Ride weekend.

# Zone One – Q60

## Sunday, 11<sup>th</sup> March 2012

The 2012 Q60 100km elevator endurance ride will be held at the Upper Colo Reserve, Colo on Sunday 11th March 2012. **Yes - MARCH!!** This will help you have your horse fit for the State Ride at the end of April. The ride base will be as usual at the Upper Colo Reserve, Upper Colo, located approximately 12kms from the Putty Road on the beautiful Colo River - with a grassy camping area and access to the sandy beach, so bring your swimmers as it's a great place to cool off on a hot day.

The three leg course is made up of the following distances – 45km, 35km & 20km, there will be plenty of water available on course and in camp. The exceptional track marking, with 10km markers, lots of arrows and heaps of comfort tape will ensure nobody gets lost!!

Leg One - 45km, will leave base around the road, over the Upper Colo bridge, left onto Upper Colo Road proceeding to a turn around checkpoint on Lower Colo Road approximately 18 kms from base. Then back to the checkpoint at Atkinson's gate where you will be turned in and up Wheeny Creek Valley to another checkpoint at the power lines at Comleroy Road. From there, turning right and down to Upper Colo Road where you turn right and then left to the base via the bridge and tree-lined access route.

Leg Two – 35km, will leave base via the tree-lined access route, turning right onto Upper Colo Rd and left onto Comleroy Road, with a good up-hill run to the check point at the power lines. Continuing along Comleroy Road and turning right onto Mountain Lagoon Road, with a good gradual climb to the top. The Mountain Lagoon checkpoint will have water and refreshments for you and your horse. From there it's right onto Sams Way, left up onto Gaspers Track and then descending Ward's Track to the fire station before turning right onto Upper Colo Road and heading back into base.

Leg Three - 20km, will leave base via the tree-lined access route, over the bridge turning right into Upper Colo Road to a turnaround point and back into base as before.

The 40km Ride is ideal for fit young and/or novice horses and will be the same track as the 2nd leg of the 100km with an additional 2 ½ km out along Mountain Lagoon Road from the checkpoint to a turn-a-round before turning back and left onto Sams Way. The 20km Social ride will be the 3rd leg of the 100km ride, being relatively flat and easy going - perfect for anyone wanting to try their hand at Endurance riding.

Vetting will be from 2pm until 5pm Saturday and from 7am for the 40km ride and social riders on the Sunday. Pre-ride talk will be 6.30 pm around the office and canteen area. The 100km Elevator ride will start at 3am Sunday, the 40km ride will start at 8.00am and the Social will start at 8.30am. Being March it will be necessary to start the rides a little earlier than in past years for the benefit of you and your horse.

- Ride Fees: 100Km Elevator \$110.00
- 40Km Ride - \$60 for Members add \$10 for Non-Member NSWERA Day
- Social Ride - \$30 for Members add \$5 for Non-members NSWERA Day Membership

A camping fee of \$6 per person is charged by Council and payable at time of entry. Dogs are allowed, but please remember to keep them on a leash at all times.

The wonderful volunteers from the Upper Colo Fire Brigade will also be providing the canteen goodies on both days, so please support them.

For further information about the ride and/or to [PRENOMINATE](#) before Monday, 5<sup>th</sup> March or a \$10 late fee will apply, please contact Judy Shore on (02) 9652 1393 or alternatively, email [stanshore@bigpond.com](mailto:stanshore@bigpond.com)

On behalf of the Zone One Committee, we look forward to seeing you at the 2012 Q60.

# Sussex a Success! By Merri Apperley

**The first Sussex Inlet Charity Ride was hailed as a great success for all involved in a really lovely weekend blessed by good weather.**

Ride Secretary Wendy Jesson said she relied on her intelligent and capable Committee to run the 80km Endurance Ride, a 40km Trainer and 20km Social Ride to raise funds for the Shoalhaven Breast Cancer Support Group and the local Rural Fire Service. Pink was very much the order of the day with organisers and competitors wearing the Breast Cancer colours in shirts and caps – even some of the men riders looked pretty good sporting pink caps.

Fortunately Wendy's aspirations for a good ride went all her way, as she was backed up by another cancer survivor Lorraine Bentley and together they recruited experienced endurance riders Bruce Carter, June La France, Wendy and Dave Porter, Sue Dinnie and Lynette Elfick who ran the office machine and other fundamentals for the weekend.

Head Vet Andrew Thompson from Mittagong was helped by Rachael Bailey from South Nowra Veterinary Surgery at the pointy end of the vetting, also gratefully assisted by TPR's Bindi Reinhold and Eric, John and Chris Milne, Bernie La France and Carol White.

Chief Steward Belinda Hopley came over from Queanbeyan and joined the office crew of Rowena Robinson, Phillipa Daikin, Greg Godby, Wendy Porter, Anthea Brumerskij, Judith Phillips and others who helped out on track led by the Rural Fire Service, National Parks and Wildlife Service Liaison Officer Libby Shields the Conjola National Parks Ranger.

Fortunately yours truly managed to drive a substantial percentage of the first and second legs of the ride and generally speaking it was a good flowing course, a couple of boggy bits but it was well marked and the bike stewards Bruce Carter, Murray Fox and Reese Norman (all experienced endurance riders) had ascertained nobody could possibly have become lost or even marginally misplaced.

There were plenty of grunty fire trucks and 4x4's placed around the course and we ran into Kevin Camper and Steve Overall out on course who were helping Adam Harris and Brett Moffit with water and communications. Fortunately there were only a couple of shoes lost here and there and those riders were picked up in good time by Lynette Elfick who was driving one of the rescue floats.

Meanwhile back in the really good home base camp provided by Debbie Cotton and Marty Evans who also competed in the Trainer, Mitch from JB Catering cooked up a storm to feed us a miracle array of great food and truly superior coffee.

And the good old quiet achievers Peter Norman and Alan Marshall had looked after the firewood, the water and the inevitable dunnies.

Sincerely hope none of the other workers have not had a mention, because to run a first ride of this magnitude is not easy and as all the proceeds went to charity, the whole shebang was a huge ask, as quite a number of the people involved had no real idea of what an endurance ride was really about but were there to give of their best for a great cause. We will get to the sponsors later.

It was a bit surprising there were not the expected numbers in the 80km ride, but this date conflicted with an "easy" ride further out west which would have attracted a lot of novice horses, however the riders who did the "big ride" were pretty experienced and the times were better than expected.

Heavyweights numbered 9, M/W amounted to 16, L/W numbered 12 and there were 3 Juniors. The 40km Training Ride had 20 competitors with a good rollout of 36 competitors in the 20km Social Ride.

The 80km ride went out at 6am, it was pretty dark and very cold, I caught up with them about 10kms out and they all looked tremendous and were travelling well. The 40km was not far behind as they rode out at 6.30am and were all pretty well strung out within an hour or so. Back in camp, just before 9.30am, the Social Ride was about to go out and frankly if I could have nicked a horse I would have gone with them! Of the 36 riders in the Social Ride, the attrition rate was low, one went out on pulse and two were lame.

Trying to sort these Master Sheets is giving me a mega headache, as the computer at the ride had colic, Rowie Robinson and helpers battled the ether to get it together and resorted to the tried and true handwritten methods which have been relied upon since the Dead Sea Scrolls; much more substance!

It's possible I may have some stats wrong – sorry.

The Middleweight Riders had very good times and equal 1<sup>st</sup> went to Jenny Shepherd on Currowan Danny and Jessica Drain-Shepherd on Maloo in 4.24hrs, Jessica won Best Conditioned, 3<sup>rd</sup> was Bev Turner on Shazzaam, 4<sup>th</sup> Clare Feary on Double TT in n Abit, 5<sup>th</sup> Ava Pellizzari on Zzariva Valentino, 6<sup>th</sup> place went to Mitchell Ravallion on Danjera Montana. The balance of the H/W's got around in good time with one V/O on Lame and another on H/R.

In the Heavyweight category reliable information from parchment tells us Marty Moran won this division on Glenduerte Desert Storm in 5.03hrs and won Best Conditioned, a big, strong, nice looking horse, which it would have to be to lug Marty around. Second place went to Ray Spence on Starr Shine in 5.12, 3<sup>rd</sup> was Ian Dreghorn on Mountain Breeze Jack The Ripper in 5.56hrs, 4<sup>th</sup> went to Adam Kirk on Whyneemah Khalliara in 6.07, 5<sup>th</sup> was Peter Norman coasting home on Tallaganda Downs Natifa in 6.02hrs and 6<sup>th</sup> was Marita Rifai on Tuldar Slingshot in 6.31hrs. One rider vetted through OK but decided to withdraw after 40kms.

In the Lightweight category of 12 riders two chose to W/D on course but accolades must go to Amanda Apperley riding Hamere Kalila. On the few occasions we saw her, the horse looked good on course, a pretty horse, travelling well and only minutes behind the M/W winners in 4.38hrs. Amanda took Best Conditioned in her weight category. Emma McCormack was 2<sup>nd</sup> on Raymar Kaleb in 5.56hrs, 3<sup>rd</sup> was Vanessa Richardson on Zakiyah in 6.15hrs, 4<sup>th</sup> place went to Shelly Ison who also cruised around on Aloha Fabian in 6.20hrs, 5<sup>th</sup> was Vetea Faccini on Trigger in 6.40hrs. The other 4 riders Dody Sinfield, Jo Carrick, Vicki Matthew and Robin Young came in within the 6 hour cut-off time.

Once upon a time the Juniors were full of our own little nippers, but I guess they have grown up and a new batch has been hatched. Only one went V/O lame of the three in this section with the winner being Carli Facchini on Yinbilliko Argente Buck with Georgia Curry in 2<sup>nd</sup> Place. Carli won Best Conditioned L/W.

The main winner rugs, as with all the signs and paperwork, were in Breast Cancer Pink and donated by Off the Top Hair Styles, Shoalhaven Embroidery, Premium Tyres, The Solomon Motor Group and Pamper Me Massage. The Best Conditioned trophies, which were really lovely picture frames, came from Harvey Norman Computers, South Nowra, Yours truly has taken some pickies to into the frames. Other kind sponsors were The Manildra Group, Shoalhaven Realty, Nowra Saddleworld, 123go Websites, Bomaderry Printing, Mitch's Catering, Nowra Tilt Tray and Ray White Bomaderry.

A mega raffle was run in conjunction with the ride and the winners were K Hartup who won the beautiful drawing of an Arab horse by Amanda Hocking and Kelly Wiseman won a couple of days away at the Paperbark Camp. L Jeffs won a couple of days at Kangaroo Valley Views, D Davey won the wine from Berry Bottle Shop, M Rowe won the six man tent from Barbecues Galore. M Smith won a voucher from Bishops, A Hocking won hair tongs from Yankee Clipper and R Spence won a box of hair goodies from Yankee Clipper. Mary from Shoalhaven Shufflers, won the Flinders Work Wear prize. Elizabeth Cheney won hair care from Yankee Clipper and Isabelle Keefe won a super entertainment voucher from Bomaderry Bowling Club.

Believe me it's easier to ride it than run it, so to all those who worked so hard for good causes can feel well pleased with their efforts. Thanks to the sponsors, the organisers and the riders who all combined to make the event a great success.

If any riders wish to enquire about my photographic efforts on the weekend, please call 0412 604005, email me on [merriapperley@gmail.com](mailto:merriapperley@gmail.com) or if you have photos to contribute please sent them to Robert Crawford at [sport.scregister@ruralpress.com](mailto:sport.scregister@ruralpress.com)

## Tour De Freemantle

Despite the dire predictions, the weather at Freemantle on 6<sup>th</sup> and 7<sup>th</sup> August was perfect for riding. On Saturday it was great to see thirty seven riders set off to see the sights of Killongbutta and check out some amazing views and do a spot of riding. 16 social riders and 21 training riders all returned safe and sound with only two vetting out. All successful social riders received a prize and a certificate. All successful training riders received a ribbon and a draw prize.

The Fire Shed Café provided a warm, cosy venue with scrumptious food all weekend and a delicious hot dinner on Saturday night.

Sunday dawned with beautiful blue skies and forty five riders left the Freemantle Fire Station at 6am to ride the 45 km loop via Lewis Ponds (where gold was first discovered in Australia). This leg had been changed to take out lots of the steeper ups and downs of the dirt road for much nicer riding through paddocks and a valley. This leg gave riders a taste of everything. There were bush tracks, rolling paddocks, quiet dirt roads and amazing views. The dust was nicely settled, and the track just softened but not boggy by a drop of rain on Saturday night. As for the temperature, one rider was heard to have said just after 6am "I'm sweating already". **Who'd have thought it, at Freemantle in August???**

Spectators, young and old, many still in their pyjamas were out in the early morning lining parts of the course to cheer on riders as they rode through their local area. This added to the already great atmosphere at this year's Freemantle Ride.

This year's modified 80km track was applauded by riders and made for faster times than past Freemantle Rides. Line honours went to Allan Caslick riding Alandell Spirit with a riding time 4.40. Four minutes later in rode Emily Streckfuss riding Webbs Creek Starlight and Jeff Adams riding Takoi Jacky Chan. Brett Willis riding Carlwood Park Frosty was only two minutes behind them.

First place in each division received a quality, handcrafted, blue endurance bridle by **MOSS ROCK ENDURANCE SUPPLIES**. The first three place getters in each division were awarded a beautiful plate handcrafted by Emily Laszuk. All successfully 80km riders received a Freemantle buckle.

**EDINBURGH NESSIE WOOLEN RUGS** were awarded to Best Conditioned in each division.

Best Conditioned Middleweight - Carlwood Park Frosty ridden by Brett Willis. Brett also won a pair of stirrups donated by **SPECIALIZED SADDLES** for the "Best Managed Award".

Best Conditioned Heavyweight - Alandell Spirit ridden by Allan Caslick.

Best Conditioned Junior- Warren Park Kiara ridden by Tayla Warren.

Best Conditioned Lightweight - Dumaresq Jackson ridden by Deanna Trevena.

The "Novice Encouragement Award" was also an **EDINBURGH NESSIE WOOLEN RUG** which was won by Junior by Cybele Coddington riding Digger.

Ten training riders headed out to Killongbutta to enjoy the scenery on Sunday, three of those chose to "elevate" and were successful. They were awarded a handcrafted mug. All successful training riders received a ribbon and a draw prize.

The George Howarth Memorial Trophy was won by Gertraud Norton.

Thanks to our vets for the weekend: Steve Roberts, Terri Eckel from Bathurst and newcomer Megan Kelly from Orange Vet Hospital.

This ride could not exist without our very generous sponsors most of whom have supported us since our first ride three years ago. Moss Rock Endurance Supplies, Suncrest Arabians, Radio 2BS, Hotel Dudley and Stumpy's on Stewart, Orange Vet Hospital and Stewart Street Vet Hospital, Specialized Saddles and Gary Christou Animal Chiropractor, Blowes Menswear Charlotte Street Cellars, Good Guys, Goodwoods Saddery, International Animal Products, Petries Mitre 10, Regency Jewellery, Robsons Tools, Ranvet, Lorraine Howarth, John Kohnke Products.

**All roads lead to Fantastic Freemantle on the first weekend in August 2012.  
See you there!**

## The 13 Month Rule

**Please remember that if your horse does not successfully complete an endurance ride for 13 months, it's status reverts to Novice and you must complete your next ride in novice time.**

**Should you complete a ride outside the novice times— you face disqualification and your points and mileage disallowed.**

**Remember—ignorance of this rule is no excuse.**

**NSW ERA Committee**

**Report on the meeting of NSWERA Committee held 3 June 2011 at Arabian Society, George Street, Windsor on commencing at 6.15 pm**

**Present:** Tom Perkins Snr (Chairman), Haydn Fisher (Zone 2), Tom McCormack, Carol Griffiths, Kerry Spratt, Peter Grelck (Zone 6), Brad Dillon, Gay Bonham, John Howe, Glenda Edwards  
**Apologies:** Gary Tweedie, Belinda Hopley, Tony Warren, Sonya Ruprecht, Marlee Wah  
**In attendance:** Helen Rich (minutes), Gail Fisher,

**State Ride –2011**

There are 57 in the 100 miler and 35 in the 80 klm. Annette Truman has done a fantastic job with the sponsorship. The pre ride book with full colour add has been produced. The SMC needs to give thought to pre ride books.

**IDP – Kerry Spratt**

Chart of the IDP process was sent out previously to the SMC. Terms of Reference version 5 was also sent out. It may need changing in due process. Tom P will take the three documents sent out and put them into the Procedures 'controlled documents' system.

**MOVED** Tom McCormack, John Howe  
**THAT** members subject to an IDP process are provided with the terms of reference and appropriate flow charts

**Carried** Unanimous

**Ride Organisers Debrief**

Noted that attendance was small, some suggestions for increased attendance – hold the meeting in conjunction with AGM, possibly rotate the meeting around the state

Ride Organisers are rightly concerned with the viability of their own ride however the SMC on the other hand need to balance the NSW State calendar to provide the best possible cohesive fit while providing the membership base with a variety of accessible rides as well as protect our ride organisers.

**Easter Carnival**

Lengthy discussion on the Easter Carnival run in 2011 and the proposal for 2012. Approximately 70% of our membership was involved over Easter. Gay indicated that the Manila Muster would run later in year as weather to hot at Easter. Letter from Rick Owen, Gundagai ride, out lining their concerns of the 2011 Easter ride. Tom P said we need a strategy for Easter Carnival concept. Tom Mc gave an outline of a proposal of how to assist smaller rides running against larger more central rides. Membership base is decreasing – cost of sport? FEI calendar applications need to be in by September each year. Gay proposed to open the lines of communication with RO by emailing all ride secretaries and brief summary of our meeting each month

**.MOVED** Carol Griffiths, Brad Dillon  
**THAT** on special weekends, we seek nominations from ROs who may wish to

run a Carnival type weekend, this includes Easter, and would start in 2013  
Carol, Gay, Brad, Glenda, Marlee,

**Carried**

Haydn.

John and Peter against the motion.

**Separation criteria**

**300 klm and two weeks.** - is the current criteria.

Tom asked for each members interpretation of the criteria, conclusion a ride could run anywhere in the state if it was more than 300k or 2 weeks apart form another ride. We acknowledge that we need to look outside of that at other influences and other factors and look at our ride application process Lengthy discussion took place. Need to clarify the motion previously passed. Cannot be less than 2 weeks it cannot be less than 300 klm – if it's more than 300 plus then apply a certain criteria,

**Agreement:** Need to devise a set criteria for ascertaining the impact of one ride upon another.

**Below is the previous motion.**

**MOVED** John Howe, Charlie Gauci  
**THAT** that the ride separation be two weeks or 300 klm, road miles, not as the crows flies.

**MOVED** Carol Griffiths, Gay Bonham  
**THAT** the motion shown directly above, be rescinded

**Carried** Unanimous

**MOVED** Kerry Spratt, Brad Dillon  
**THAT** the criteria for approval of rides will be:  
The ride bases must be a minimum of 300km apart measured by road distance unless the ride dates are 2 weeks or more apart. When the ride bases are more than 300 km apart, the committee shall have discretion to approve or disapprove rides after due consideration of all the factors that affect the viability of each ride. The exercise of this discretion must be documented by the SMC.

**Carried** Unanimous

Cedar ridge – letter from Lesley Freeman table Carol to follow up

**Sonya Ruprecht– Secretariat/Membership services**

Membership to date: Adult 433, Junior 31, Associate 33, Honorary 3, total 500. Newsletter 322.

New members were read out and approved.

**John Howe – Ride calendar**

*The major event of the last month was the R.O.F at Bathurst. Ride booking procedures are now well understood and accepted, R.O's realise, no paper no ride.*

*Traditional dates are now a fact. It is wonderful to*

see that our 2 anomalies have been sorted themselves and are well within matrix separation directives. We now have to see where we can go in regard to Carnival type events.

The 2012 Calendar is firming up well with State Championship to be hosted by Wingello, Manilla Muster set for July and Shahzada in August.

**Tom Perkins –President, Google Maps, Governance, Procedures.**

This last month has been almost exclusively taken up with the Ride Organizers Forum and the ride calendar subcommittee:-

**Ride Organizers Forum** – Attendance a little disappointing with twenty two people present, however, a constructive meeting with, at times, vigorous exchange of views between SMC members and ride organizers achieving consensus in some areas and clarification of some issues yet to be resolved; a civil, orderly, and courteous meeting, a pleasure to chair.

**Ride Calendar Subcommittee** – Confirmation of, or allocation of an ongoing regular date to all clubs that requested a 'Traditional' date is now completed with some minor adjustments negotiated to achieve a minimum separation of 300km or 2 weeks. The main issues remaining to be resolved are the separation strategy to protect the 'regional' rides and the management of special events such as 'carnivals'.

**Gary Tweedie – Vice President – AERA Zone Liaison, South Coast delegate**

Please accept my apologies as I am unable to attend the June meeting.

**Zone Liaison report;**

I have sent draft copies of the draft Position Descriptions for Zone Delegate and Zone Liaison as well as a draft of zone guidelines. I have also communicated to the zone delegates some ideas on zone and general membership as well as some options to utilise the Sport and rec Funding. As we are now in the middle of the year we all need to start to progress this.

**South Coast Zone report;**

The Wingello ride was held last weekend and from all reports the ride was a great success and enjoyed by all.

There was a fantastic roll up of entries, with 120 in the 100 km elevator, 32 in the trainer and 20 in the social ride. With only 12 vet outs in the main ride and 2 withdrawals in trainer and 1 vet out in the social. Great results for a great ride.

The new ride base was a success and now augers well for the State ride next year.

The next Zone ride will be Sussex Inlet. This is a new ride and promises to be a great ride for beginners to the experienced with all the trappings of a great South Coast Zone ride.

**Tom McCormack – Treasurer, AERA**

For the current financial report see elsewhere in this newsletter.

**Kerry Spratt –AERA, International, Grants**

Sport and Rec courses – Conflict Resolution is 3 hours at \$30 pp. Presenter available on 12<sup>th</sup> August which is the date of a scheduled committee meeting. Will go ahead with Agreement. Need the SMC, the chief stewards and possibly other people from Zones.

Lady from Horse Zone sent an email about sponsorship for the State Ride. Have a website. If we register as an organization, if someone sells something they get an option to tick a box and that organization would get 10% of the listing fee. Free to list. No fees. We would need to advertise this. Agreement to go ahead with this.

**Brad Dillon – Newsletter / Google Maps**

Been doing a bit of work with newsletter – A4 paper. Saddleries seem pretty keen for it. On Face Book – put on the State Ride as an event. Seems to have generated a lot of interest.

Google Maps, Deanna asked for Dunedoo to be put on. This has been done.

**Gay Bonham, Ride Administration, Ride Standards, Equipment**

Has an application from a vet wanting to become accredited. Agreement to put him on the accredited list.

Report from Jeff Bonham, the Chief Steward at Mudgee.

**MOVED THAT**

**Tom McCormack, Carol Griffiths**  
the Mudgee Chief Steward's report be sent to the IDP

**Carried**

**Unanimous**

**Tony Warren - Zone 1 – Promotions – presented by Marlee Wah**

The Zone One Championships were held on the 8th May with 38 riders entered in the 100 klm elevator ride. There were 11 riders who elected to elevate.

Unfortunately not a very good attendance but with the ride being on Mother's day and the Easter Carnival weekend being on only 2 weeks prior things just worked against the committee on the day.

**Haydn Fisher - Zone 2**

Mudgee well attended. Dunedoo/Putty was discussed. The members thought the SMC did not handle the matter well. Mudgee president was not happy. Letters to Cedar Ridge asking Oberon to join Zone Two. Some discussion about NSW and AERA affiliation fees and the costs involved. Discussing membership fees. Could we look at reducing these fees.

Looking at 19/20<sup>th</sup> November. Windeyer 100/80 elevator with 40 and a 20. Agreement to pencil this date in. Looking at ways to generate more

members. Also looking at a fund raising day.

### **Peter Grelck - Zone 6 - Feedback Forum, Ride Surveys, Membership Surveys**

*Very quiet this Month in our Zone, members have been off doing various rides and enjoying all of them. It's interesting to see how other people conduct their rides, you learn lots from that. Regardless of the NSW ERA numbers being low, there is a very positive atmosphere out there, and I see people enjoying themselves.*

*The 26<sup>th</sup> of June is our Zone's next ride at Kundabung. Planning for that weekend is well in hand and everyone is looking forward to the new ride base and track. I know the ROs have been working very hard to make it a memorable ride, so spread the word and support this one.*

*The Bago Bush Ride at Wauchope in July is also very well advanced in the planning, another ride committee meeting coming up will finalise this great bush ride.*

There being no further business the meeting closed at 12 midnight.

## Endurance Riding: My Impressions

Being an animal lover from England, with a history of horse riding in my youth, I was delighted to be asked along by John Howe, a work colleague, to see him and his horse 'Ears' set off on one of his many endurance rides.

I am 35 years old and a recently new resident to Mudgee. Being asked to attend a horse event in Australia was a great opportunity for me to experience and soak up the atmosphere of a sport I had been quite curious about, ever since I watched a documentary on the famous Shahzada.

The drive to Dunedoo from Mudgee was a close, leisurely 40 minutes away and the show ground was easy to find. I just had to look for all the parked horseboxes or 'horse floats' as the Australians call them. What a perfect spot Dunedoo show ground was to stay overnight with your horse and prepare for the long ride ahead. Plenty of space to park up and set out

your own temporary horse paddock and just the right size to be able to chat and meet up with the other competitors. The atmosphere was relaxed and friendly and not at all snobby, like most horse events in the UK. I quickly became convinced that this is a sport I would like to take part in.

I felt particularly privileged about being able to stand alongside John while he carried out his duties as Chief Steward. I could sense this could be a bit of a

nerve racking moment, hoping that your horse would stand patiently through the necessary prods and checks, and having a thermometer stuck up its bum. It became clear that many of you and your horse companions are extremely used to this stage and as a consequence went through without any drama. It was at this point that I was struck by the professionalism and seriousness of the event. After all, you guys are riding 40 - 80km so it is a ride both horse and rider have to thoroughly prepare for to get through without injury. As someone who is constantly concerned about animal welfare it was reassuring to see such thorough checks and to know that the horses would be monitored again at the half way stage and at the finish.

After listening to the pre-ride talk I went with John to watch him saddle up his horse 'Ears'. I enthusiastically looked on at

some of the horses being warmed up through a quick lunge. This also gave me a great opportunity to take some photos of these stunning animals being put through their paces. I could see that these were no ordinary horses and that they were possibly worth serious money.

It was interesting to see that the majority of the horses were of pure Arab blood lines with the occasional Appaloosa in attendance. I guess I had the misconception that a welsh cob or stock horse would be the best for long distance riding. But, John put me right through his explanation of a horse's physiology especially in regard to the

Arabian breed who have a preponderance of slow twitch muscle fiber that make them the perfect endurance breed. Therefore the majority of horses competing in endurance today are or the Arab or Arab derivative breeds.

When I was a youngster I had a part-Arab and part Welsh pony and I took part in a couple of sponsored rides which would stretch no more than 20 miles. I remember having to put in quite a bit of training to get myself and my pony fit. This is just a fraction of the distances you do and it gives me an appreciation of how much preparation and how fit you have to be to get through a whole 8 hours of riding in a single day.

It was closing in on 12 noon and 'Ears' kept whinnying. He seemed very keen to get saddled

up and on his way. In fact, I noticed how all the horses were really excited and eager to get started. Even a rugged up horse in a nearby paddock was galloping up and down desperate to join the competitors. I felt sad that he had to stay behind and miss out on all the fun. I too would have loved to have been the one riding and competing, after all, what an amazing way to see the country, particularly when the sun is out and you get to navigate across stunning bush country that you would never see on foot or in a car. I waved goodbye to John and Ears and wished that I too was trotting off on a long, arduous, but no doubt exciting riding competition.

From an observer's perspective the whole event seemed so well organised, from the numbering system, the vet checks, the pre-ride talk right down to the signage of the ride rules and map of the course. The atmosphere was buzzing and the quality of the horses was impressive. If I wasn't currently pregnant I am certain I would be looking out to buy my own Arabian so I could join in on all the fun and excitement of endurance riding.

Thank you to John Howe for allowing me to get an insight into what to me is a specialized cultural horse event that is a fun, serious and professional sport. Hopefully in a couple of years I too will be able to join you and 'Ears' with my own loyal horse companion.

## Coolamon Endurance Ride – 24th July, 2011

In almost perfect riding conditions, the Coolamon Endurance Riders held their 13<sup>th</sup> Annual Endurance Ride on Sunday 24<sup>th</sup> July. We welcomed 101 riders and their support crews from right across NSW and VIC to our ride base.

At 6.30am, just as the sun was peeking over the horizon, 68 riders set off on the first leg of the 80km. At the very reasonable hour of 7.30am, 15 Trainers headed out, with 13 of these horses listed as novices.

After a sleep in and breakfast, a varied selection of social riders, 18 in total, left at a very sensible 9.30am. It was very pleasing to see so many enter the training ride especially the young kids who we hope will continue through into endurance in the years to come.

Our ride mascot, a rather large fibreglass cow, supplied by Sponsors Steel Supplies, was the talk of the ride. Some riders felt sorry for the poor girl and made sure she was rugged and warm for the night and a few even tried to get milk for their morning coffee without much luck.

A heartfelt thanks goes to the wonderful Tom McCormack as Chief Steward, all the TPR's, logbook runners, timekeepers, BBQ cooks, canteen workers, computer data enterer, checkpoint checkers, wood collectors, toilet roll replacers, strapper caller, course marker, cake cooks, bull wrestlers, all other volunteers and sponsors, without their generosity and tireless efforts we could not run such a successful ride.

Also a big thanks go to our Vets, Head Vet, Dr Steve Roberts, Dr Sarah Pollard-Williams and Dr Scott Norman from CSU and the CSU Vet Students for assisting with the TPR.

We appreciate those who travelled long distances to attend our ride, for providing a wonderful atmosphere and for keeping the camping area neat and tidy before they returned home. We look forward to catching up with you all again at the same time next year.

## Who says horses don't remember?

Back in 1989 when I was living in Sydney, by chance I was offered a horse to exercise for a friend of a friend.

Bandolero a purebred Arabian (who at that time had just been gelded), he belonged to Debbie Longman and as she was working for Qantas was away a lot so I spent most of my time riding and looking after him.

Deb was interested in Endurance, so I did my first ever training ride on him accompanied by Jo Arblaster. Deb nearly sold Bandolero to me in those days but she changed her mind at the last moment... so I ended up buying my own horse Bindy (Kehilan bint Our Princess) so we rode and went to rides together. During this time Bindy and Bandolero shared a paddock in Terrey Hills. Bindy had some issues and only did a few training rides.

Deb moved to western Sydney in the early 90s so that was when Bindy and Bandolero were separated. I ended up moving to Brisbane and then on to Tenterfield (few more horses by this stage!).

In early 2005 Deb was diagnosed with a very aggressive cancer which took her life in September of that year. Knowing how much I had always loved Bandolero, she asked if I would take care of him after her death.

Bandolero arrived here in Tenterfield shortly after her death and amazing but true when he met up with Bindy again they were inseparable ... him bossing her in a nice way both of them ok as long as they were within sight of each other! It seemed that nothing had changed in all those years!

One morning in July, when Bandolero was unable to get up and we were waiting for the vet, Bindy and little Moonlace (8-month old filly) came over to him and he spoke to them. They seemed to know it was time to say their goodbyes.

Dear Bindy has always been the best mother but we had great difficulty getting her in foal so she has always been the Auntie that the 'littleuns' instantly go to and seem happy with. She knows she has a job to do looking after Moonlace and will now have to do it by herself without the old man there to help her.

Bandolero was a lovely gentleman. He completed many kilometers in Endurance including a Shahzada marathon. We will miss him but Deb has him back. R.I.P

The Selection Panel congratulates these young riders and their horses in achieving the qualifications necessary to represent Australia at the forthcoming World Championships. This is an exciting and very experienced group of young riders and magnificent horses, who certainly have the ability to bring home medals.

The short list of 4 riders and 5 horses will be announced on September 30 (at the SA Quilty ).

The Team will leave for Abu Dhabi by December 1st.

Anne Barnes, Chair of Selection Panel

### **Expressions of Interest Trans Tasman Team NZL**

The Trans Tasman this year will be hosted by the Mt Nimrod Club, Southern Canterbury Plains , NZ.

**Date November 13 – 14**

The BOM is calling for Expressions of Interest from Squad members for the following:

- 4 riders , 2 senior riders and 2 Junior riders.
- Chef d Equippe
- Team Veterinarian
- Support crew

Squadees who have represented Australia at World Championships are not eligible to apply for this event. No such restrictions on the Chef/Team vet/crew positions

This will be great opportunity to represent your country in a very picturesque part of New Zealand.

More info as it comes to hand

EOI's need to be to the Squad Manager no later than **September 16 2011**

Expressions of Interest closed on June 30th for the World Senior Championships to be held at Euston Park UK in July/August 2012. Please be aware that we have little information in regard to this event, however Team Chef d Equipe Mark Freeman attended the 2\* & 3\* event held there in June this year and has experienced firsthand how things are run and done there The WC's are now less than 12 months away and I encourage everyone to check the qualifications : Article. 816 of the Endurance Regs

#### Expressions of Interest by State

- Qld: Melissa Longhurst, Simone Krahnen, Sasha Laws King, Ondy Laws King, Penny Toft, Alexandra Toft, Matthew Sample, Angela Head, Brook Sample, Steve Gray.
- NSW: Courtney Freeman, Blake Freeman, Derryn Nix, Talea Haskow Stewart, Judy Burton
- Vic: Kristie Taprell, Linda Tanian.
- WA: Jane Radny, Norbet Radny .

I understand from the Selectors that the next named event for qualification/competition purposes will be announced very soon, events for 2012 will be announced once the 2012 FEI calendar is published.

The final FEI competition for 2011 will be held at Red Range, near Glenn Innes, unfortunately due to the date of the YRWC's being so close the selected date for this event this year, the OC is currently attempting to seek an alternative date last November/early December, this will be a "named event" for horse/rider combinations seeking election for Euston Park

Barbara Macdonald Timms - Squad Manager

## For the Love of Horses

Dennis and Carol White.

Our love affair with horses began when we first met at the local riding school aged 17.

It wasn't until years later when we bought our first farm that we purchased a horse for trail riding.

We were introduced to endurance riding by a neighbour and we soon realized to get the most benefit from the sport one needed horses of Arabian bloodlines. This was the start of our small stud, Jasali Arabians named after our five year old stallion Robali Jasper.

In the summer months we decided to campaign the stallion as a show horse where he achieved the amazing record of eight Australian Championship titles in performance ranging from Western Pleasure to Advanced dressage.

For Dennis to ride in endurance we found a 16h.h. part Arab gelding, Silvercrest Jalad affectionately known as Jal. In a career of 10 years, Jal achieved 8,000kms, six Shahzada buckles, various fittest horse achievements and numerous top placings in 100-milers with only three vet-outs.

By this time we had bred a couple of good horses and our youngest son Steve was showing some interest in riding. After winning the middleweight division in the State Championships in 1996 he was hooked.

Over the following years Dennis and Steve rode as a team. The most memorable experience they shared was being asked to ride our two endurance horses across Sydney Harbour Bridge as a promotion for a *Man from Snowy River* spectacular.

On a Sunday morning dressed as stockmen and with a Police escort they entered the 'on ramp' at North Sydney. As they rode across the bridge with trains passing and a helicopter filming their progress, our endurance horses showed their great temperament. At two points on either end of the bridge there are two expansion joints consisting of steel gratings. Rubber conveyor belt was rolled out wide enough for the two of them to ride abreast but they could see how high they were through the grating. Dennis still remembers the tension and saying to Steve: "*Keep their heads up son and don't look down.*" Arriving safely on the Sydney side they decided to call that the shortest training ride on the endurance calendar.

In 30 years in endurance, we have seen a number of changes for the better. The rides have become safer and more efficient through better trail marking, equipment, training methods and feed. I recall in the early days some horses would arrive to do harness on the Saturday and back up for saddle on the Sunday. A fun event was a 20km Ride and Tie on the Saturday that everyone enjoyed. Also vets volunteered their time which allowed funds for substantial prizes e.g. horse floats and one event offered a trip to Calgary in Canada.

Now reaching the great young age of 70 we feel it is time to wind down and enjoy some training rides together and put some time back into this sport that has given us so much as a family and life in general. We have had the privilege of riding in some spectacular country on people's property unavailable to others and experienced early morning sunrises and birdlife with some great characters of our sport past and present. As much as we enjoyed the high level of success in the show ring we always felt our first love was with endurance and in our opinion to be the true home of horsemen.

**Present:** Tom Perkins Snr (Chairman), Haydn Fisher (Zone 2), Tom McCormack, Carol Griffiths, Kerry Spratt, Peter Grelck (Zone 6), Brad Dillon, Gay Bonham, John Howe, Glenda Edwards, Marlee Wah (Zone One), Gary Tweedie, Belinda Hopley,

**In attendance:** Helen Rich (minutes), Sonya Ruprecht, Les Robinson.

### **State Ride –2011 – Neil Clarkson**

Considering the bad weather the ride went well with a 58% success rate. No horses were floated in. Financially, broke even. The ride in QLD had 25 NSW members taking part. Agreement AERA should take greater care when setting national calendar regarding major rides not running in competition with each other. Letter to be sent to AERA outlining impact on our state ride. Discussion on vet gate into hold rides regarding variable heart rates Tom Mc reported heart rates for open horses is discretionary and is set by the head vet. Agreement that this needs to go to the AERA for clarification.

### **Ride Calendar Subcommittee**

The 'Traditional' date's template is now complete. Tom P said he is just about to finish with this subcommittee. Needs to clarify the separation criteria with particular reference to the State Ride and Easter.

### **Equitana 2011 update**

Tom P said that he notes that Tony Warren has resigned as Zone One delegate. Marlee was happy to take over Tony's portfolio of promotions. Gay will bring her up to speed. Gay said the format of the educational section has changed. At Horse Expo and Farm Expo at Manilla on 23 July Kim and Kym will conduct a trial run of the suggested item for Equitana.

Agreed to ask the AERA for financial assistance for a stand at Equitana in 2011. Also agreed to continue to pursue the Arabian Horse Society.

### **IDP**

Discussing various matters before the IDP. Noting a request from one of the IDP personnel that penalties be notified in the newsletter. Agreement to compile a newsletter report from the next AGM.

### **Membership categories**

Discussion on a document previously sent out. Training ride membership would be changed to introductory membership. If the constitution is to be changed it needs to go to the next AGM. Tom P brought up the Membership Feed Back forms will circulate these tomorrow. Peter has been collating. The main tissues are:- money and rule changes, sport too expensive; the politics within the sport, the reliance on vets; Possibly the SMC members at rides can encourage members to use

member feed back or write direct to the SMC with their concerns or suggestions. Agreement to put report together before the end of the year.

### **Separation criteria**

Tom P discussion on this matter. How we deal with this may have an impact on some of our rides. If we are not careful we could lose rides. Asked the zone delegates to focus on what's good for the whole sport rather than just a particular ride in their particular zone. Tom P had previously sent out his suggested criteria for discussion.

### **State Ride 2012 – TP**

General discussion, on past history on the running of State Rides. Discussing the recently approved criteria but agreeing that the State Ride has to take precedence over a normal ride.

### **Easter 2012**

An email from Cedar Ridge was tabled and read. Cedar Ridge has obtained sponsorship. And outline rides wishing to run at Easter Tumbarumba Letter tabled and read Set out their previous ride booking procedure and their views on 'traditional date' and Cedar Ridge running against them on the Easter weekend. Suggesting that Cedar Ridge run FEI and Tumbarumba run the AERA rides. There is talk about FEI National Championships for 2012. End of August is the closing date for the FEI ride calendar. Also suggested running a survey of members

Discussion the idea of survey. An FEI one star 80 klm can be entered by anyone without them having to be a member of the EA. John to send an email to Cedar Ridge and an email to Tumbarumba advising of discussion

### **AERA Agenda - KS**

Motions to go before the AERA committee were presented and discussed. Full AERA meeting report can be found elsewhere either within this newsletter or on the AERA web site.

### **Chief Steward for the SA 2011 Quilty.**

Those who applied for this position were: Tom Perkins, Gary Tweedie, John Howe, Gay Bonham, Graham Burchell, Neil Clarkson. On a secret ballot – Neil Clarkson was selected to go to the SA Quilty as the second chief steward from NSW.

### **Sonya Ruprecht– Secretariat/Membership services**

Membership: Adult 446, Junior: 31, Associate 35, Honorary 3, Total: 515 with 332 Newsletter. New members were read out and accepted. newsletter etc as being 80km – then the distance credited to the horse/riders should be 80km or 83km? I think this came up last year and it was decided that it was 80km as it was unfair to riders that didn't go but want to accrue distance and they would have chosen that ride had they known it would give them more distance if a ride ends up on the day being a longer

distance than 80km (say 83km) – but was advertised in the. Is this correct – just wanting to know as it has come up again recently.

*This has come up again this year. Tom Perkins said that he had some knowledge on the Dunedoo ride. The track had to be changed and the distance was increased. Agreement that what's advertised as the distance – shall be the distance allocated to a ride.*

Lengthy letters from two members regarding possession of a logbook for a horse which was originally a Victorian horse. Too much to send through but will give an overview at the meeting and will have the documents there.

*The letter was tabled and read. Concerns an owner who sold a horse at auction without the log book because she thought the horse was dangerous. She was then approached for the log book by the purchaser.*

*Agreement to send the whole thing to VERA for them to sort this out.*

What is happening with the website? Who is doing it now – I have updates which Carol is still putting through for me but wondering what is happening about organizing someone to take over from her?

*All web stuff to be sent to Brad.*

Want to discuss numbers at Kundabung ride.

*Sonya said that the ride was dismal. Wanted to stress that the numbers were disappointing and would be looking for a buffer next year. Want to dual affiliate with QERA for next year. Wauchope are concerned about the Hendra virus business.*

*QERA want ride dates lodged with them by September of the year before.*

*Discount for memberships taken out after 1 August 2011 to remain at \$90.*

### **John Howe – Ride calendar**

*This month I wrote to Tumbarumba and Cedar Ridge Oberon re Easter 2012 and the possibility of carnival type rides. Both committees have responded.*

*I feel that we need to carefully read the 3 emails and come to a decision on Friday night as to what direction we wish to go. Our decision could well have long reaching effects.*

*Tom has once again done wonderful work in regard to separation matrix and has produced a matrix in alphabetical order for me.*

*Regardless of how much work we as a committee or the sub committee do, there will always be matters for consideration as we experience change and Calendar variations i.e Easter moving.*

### **RIDES STILL TO BE APPROVED.**

The following rides can be approved considering the 12 month in advance ruling:

Kundabung – 24 June 2012. 80/40/20. New ride base. Approved.

Q60 – 13 May 2012. Mudgee approved and the

Rock approved. The 13<sup>th</sup> is too close to Mudgee even though it is the traditional ride date. Prepared to move in 2013.

Marlee to go back to the Zone One committee and see if the Q60 could run on 11<sup>th</sup> March with the training rides. This would be six weeks before the State Ride.

Manilla Muster – 5 - 9 July 2012. 240/80/35. Approved.

### **Tom Perkins –President, Google Maps, Governance, Procedures.**

*This month I have been primarily occupied with developing a separation criteria model for presentation and discussion by the SMC and finalizing the 'Traditional' dates ride calendar template.*

*The Website Feedback system has produced some ideas on the topic 'Membership retention and Growth' and it's now time to initiate the project to produce a plan for integration in the next update of the Strategic Plan later this year.*

### **Gary Tweedie – Vice President – AERA Zone Liaison, South Coast delegate**

*As the year progresses there seems to be several areas of our sport that are causing concern and we as the SMC need to address these issues as a matter of urgency. Ride Official abuse and declining membership.*

*The process of the IDP works well but due the nature of the process considerable time is often taken up in finalising the matter and whilst this process takes place the alleged offender is still able to continue in the sport unaffected.*

*We need to address ways to expedite the process and also to penalise the offender in a more appropriate manner.*

*One suggestion is to give the Chief Steward the power, in consultation with the ride committee, to disqualify any person that is deemed to commit any contrary offence at a ride and also suspend a member for say a minimum of 30 days. The matter would be referred to the SMC to be addressed at the next ordinary meeting for appropriate management.*

*There is also the suggestion from a couple of years back using the yellow and red card system. At the time this was seen as unnecessary but with the escalation in the number of abuse and contrary conduct matters coming before the SMC it might be pertinent to revisit the concept.*

*As for the membership issue it is a difficult area and we all need to come up with some positive options on how we can do this. As suggested in the letter from the Tumbarumba Club, we should look at other sports with what they are doing as far as membership goes.*

*I have attached the constitution membership document previously discussed, with a few minor alterations as one idea on increasing participation in the sport.*

**AERA Report;**

The next AERA meeting is on next weekend 15<sup>th</sup>-17<sup>th</sup> July. A full report next month.

**South coast Zone report;**

The inaugural Sussex Inlet ride was held last weekend, 2<sup>nd</sup> & 3<sup>rd</sup> of July. The ride proved a success with only a few minor problems on the day. The ride numbers in the trainer and social ride were very good but the entries in the 80km were a bit disappointing. The ride base proved very popular and the committee and the Zone are keen to utilise these facilities again.

The Zone is now looking forward to the Sassafras ride in September.

Gary elaborated on his emailed report. Discussing IDP stuff. Probably need to be a bit more pro active with this. We are losing members and vets in the sport because they don't want to be involved in any disputes. Gary discussed the changing of the constitution with regards to disciplinary matters. The SMC no longer has any power and everything is now reported to an IDP. Is this really necessary? Sometimes a matter may be all that serious and there are things that the SMC should be able to deal with. Surely not everything should have to go to the IDP. The Chief Stewards can disqualify a rider from an event and they have the ability to warn people to pull their heads in. But if the CS's were able to hand out disqualifications – the SMC could be involved in a lot more time in sorting this stuff out.

**Belinda Hopley – Horse Welfare, TPRs, Chief Stewards, drug testing, vet liaison****Ride Report-**

**Mudgee 18-19/5/11 80k/40/20** – All seemed to go well except for reports of alleged horse abuse.

**Wingello 29/5/11 100k/40k/20** – Tried a new ride base for the State Champs next year which was well received by all. Small hiccup with a checkpoint on the 1<sup>st</sup> leg. Rider was seen without a helmet, and verified later by the official ride photographer.

**NSW State Championship 12-13/6/11 160k/80k** – Went very well despite very trying conditions. One horse received Inv Rx for ? tie-up – awaiting Vet report.

**Dunedoo 3/7/11 83k/40k/20k** – A new ride that was an excellent effort – well marked, lots of water, good track and ride base.

**Sussex Inlet 3/7/11 80k/40k/20k** – Another new ride that was an excellent effort. It also was well marked, good novice track, lots of water and good base. A few small changes will enhance this ride next year.

**Vet Liaison-**

By all reports the vet accred'n schools went well. There are vets from CSU and Syd Uni that are able to get students to TPR at rides, so contact me if you think you need some TPR's.

**Brad Dillon – Newsletter / Google Maps**

The past month for me has been busy setting up to take over the website maintained from Carol, I have

had a couple of refresher classes with my old IT teacher from school and am just waiting for Carol to send us the server details so hopefully by the end of the weekend I will have the latest Shahzada preview online, which leads me to a few questions-

Does the SMC have a copy of the server details and a website file backed up? I remember Carol bringing a disk to the January. meeting? This is what I am waiting on from Carol.

How often do things like the point score get calculated? And by who- Sonya? I believe there isn't a pointscore section on the current website,

also along these lines on the previous website there was a decade team honour list ie horse and rider combinations that had successfully completed one or more 80k ride a year for 10 years- is this list still stored somewhere or has it fallen through the cracks. I know that it may not be much however personal goals like this I believe is needed in order to keep our membership interested.

**Facebook**

Every week we get a few new followers, up to about 175 at the moment also had a new person ask about endurance riding and how to get into the sport so it appears to be working!!

**Newsletter**

Neil has sent out the website version and will be posted early next week.

Agreement to send all future website items to Brad.

**Gay Bonham, Ride Administration, Ride Standards, Equipment**

Gay enquired as to whether we were under contract to Linda Henley to do the cover. Advised that no, Linda is not under contract, she just does it as a favour to the sport and does not charge for her services.

Sent an email to all the ride secretaries. Received a reply from Fia with suggestions for increasing memberships. Is it possible to offer a six monthly membership? The sport is very expensive and it may encourage more people to join.

Tom P commented on the liaison role as a replacement for the Ride Organisers' Forum. In effect the ride calendar subcommittee has run its course. Tom P will do the final template and forward to Gay so she can send it out.

Expanded the ride approval letter to include a lot more information on what they need to do to run a ride.

**Haydn Fisher - Zone 2**

Quite in Zone Two. Dunedoo went well. Bit crisp but no rain. Haven't had a recent meeting. The president is in the NT. They put in for the Zone championships to run on 19 November 2011. Approved. Will mention the Horse Expo to his Zone.

**Peter Grelck - Zone 6 - Feedback Forum, Ride Surveys, Membership Surveys**

Expressed concern about the Kundabung ride. Feel

it's a shame that the rides that are on the fringes don't get more members coming to support them. Although numbers were low, look forward to next year when hopefully dual affiliation with QERA will add to the rider numbers.

Bago is the next ride. Members have been active in promoting this ride. Rider from the ABC will be riding and we will get publicity from this. We get good numbers in our training rides. Going to run a TPR course at Wauchope. Kerry said funding is available for this. Money available for catering, food, fuel. Catering is \$15 per head. Fuel at \$50 per head. Resources \$8 per head. Comes to around \$650 based on eight people. Remember Zone Six is active and we need to encourage more people to come up to a great ride. Four great rides in Zone Six.

### **General Business**

Discussion regarding Gundagai letter. Agreement was that the RO seek assistance from Snowy Zone.

Peter – Kundabung ride – discussion re overseas buyers using ride events to shop for horses – could they be charged a fee? Has been tried at AERA level and failed.

Kerry asked for NSWERA to write to the AERA – seeking they take action to better manage the national ride calendar. To reduce incidents of major ride clashes regardless of which state these ride are held in

There being no further business the meeting closed at 12:08 am.

## **Your weight is your responsibility**

The NSW State Management Committee would like to remind riders that it is the riders responsibility to maintain the minimum weight if you chose to ride middleweight or heavy-weight at rides.

Please remember that you must weigh in pre-ride with the gear you will be riding in (excluding your bridle) and nothing else. Some people may lose weight during a ride, so please ensure you have a couple of kilos up your sleeve so you do not risk disqualification at the end of the ride.

NSW Committee

### **RIDE FLARES NOW AVAILABLE**

The NSW SMC has available for ride committees 12 hour flares (glow sticks) at \$1.00 each.

There is a supply of orange and green flares available at cost price.

Just contact Sonya Ruprecht. Phone 6553 8640

Ride organisers are encouraged to use these flares as an alternative to flashing lights on danger spots.

# Ride Bases Map

The NSWERA Web page now has a Google map with 'Find it' features that will show the distribution of ride bases through NSW and provide a map with directions from your home to the ride base.

To access the map just go to **[www.nswera.asn.au](http://www.nswera.asn.au)**. When you get there just click on the "**NSW Ride Base Map**" towards the top of the screen.

**To use the map: -**

- Click on the ride base in the list on the left.
- A text box will pop up near the flag for the ride base.
- Click on get directions 'to here'.
- Enter your hometown in the start address.

**Click 'GO' and print off the map and directions.**

## DOWNLOADS AT THE NSWERA WEB SITE

[www.nswera.asn.au](http://www.nswera.asn.au)

The Internet has become a wonderful tool to equip ourselves with information. This means that information is now at your finger tips regarding your sport in NSW at [www.nswera.asn.au](http://www.nswera.asn.au)

The "Home" page of the web site is a great place to start. It will highlight important current issues and will guide you through the rest of the website.

Tabs on your Home Page include –

**Ride Calendar** where you can find a full list of upcoming rides, contact details for ride secretaries, ride previews and ride results.

**Prenomination** where you can prenominate to ride secretaries via email

**NSW Ride Base Maps** – details how to find your way to a ride base and also how Ride Organisers can list their rides on the Map.

**Point Score for NSW**

**Contacts** to email NSWERA Secretariat, Newsletter or Secretary

**Forms** - all the forms you may need such as Membership, Logbooks, Insurance, Horse Identification, etc.

**Starting Out Guide** - Notes on Getting Started in Endurance riding.

**Committee** contacts

**NSW FEI** information

**Constitution** – print off a copy

**Links** to other Associations and the AERA

**Insurance** – Requests for Certificate of Currency from AON; Claims Procedures; etc.

New innovations that will be coming to your web site in the near future will be online Membership Forms with Credit Payment opportunities, as well as merchandise purchasing.

So, keep in touch with your sport through [www.nswera.asn.au](http://www.nswera.asn.au). You'll get a surprise at the amount of information on there for you. Remember, this is your website, so stories, photos and articles of interest are always a welcome addition.

## NOTICE

Attention Ride Secretaries

**Following a recommendation from the AERA International Committee (AERA IC), the AERA has agreed that a \$5.00 affiliation fee should be paid to the AERA IC for each horse entered into a FEI ride. Ride Organisers should add this amount to their ride entry fee.**

# **Australian Endurance Riders Association Inc.**

## **Transfer of Ownership Procedures**

It is the responsibility of the purchaser of the horse to notify the State of the change in ownership details. It is important that the correct person be registered as the owner of the horse as this assists with the correct allocation of National and State distance and pointscore awards as well as identifying the persons responsible for the horse when disciplinary actions need to be instituted.

## **Process for Changing Ownership Details**

When a sale of a horse occurs and the horse has had a logbook issued it is the responsibility of the new owner to notify the State of the change of ownership. A transfer of ownership form must be completed and forwarded to the State, together with a cheque for \$11 and the logbook.

Once the transfer of ownership form is received the logbook can be amended with the change in owners and the transfer verified by the Logbook Secretary/Registrar.

### **Procedure for Recording Change of Ownership**

Transfer of ownership forms are to be made readily available to all members, preferably through the State Newsletters or upon application to the Logbook Secretary/Registrar.

Once a logbook, transfer of ownership form and fee are received the Logbook Secretary/Registrar will:

1. Record the ownership transfer into the logbook.
2. Verify the transfer.
3. Return the logbook.
4. Record the ownership transfer into the computer records of the State Division.
5. Keep a copy of the ownership transfer form and forward the original to the AERA Registrar.
6. Forward the \$5 fee to AERA.

# NSW ERA Ride Booking Procedures

1. A ride must be booked a minimum of three months prior to the proposed date for the ride. This requirement may only be waived with the consent of the State Management Committee (**SMC**) under exceptional circumstances.
2. Ride Committees must be incorporated with the Department of Fair Trading and a copy of the Certificate of Incorporation forwarded with Booking Form.
3. Entry fees for all sections of the ride must be shown on the Booking Form and advertised in the Newsletter when inserted in the Ride Calendar.
4. Rides being conducted to replace cancelled rides must have permission from the NSW ERA SMC before the ride is advertised ANYWHERE.
5. Existing rides that have run on the same date for consecutive years will have preference for that date over new rides to protect the survival of the existing rides.
6. If a new ride is allocated a date other than as requested, that Ride Committee must change their date in accordance with the Committees decision.
7. A \$10.00 Booking Fee is payable when lodging the Ride Booking Form.
8. A \$50.00 Bond is payable if this is not already held on behalf of the ride Committee. This bond may be used for the next ride by that Committee if all paperwork is in on time.
9. The Ride Booking Form will indicate the Ride Committee's request for their ride to be dual-affiliated with another State.
10. A letter will be forwarded to Ride Committees one month prior to their ride requesting confirmation of the ride's Head Vet and Accredited Chief Steward.

# Logbook & Identification Procedures

A horse is a novice for a minimum of 90 days from the date on which it successfully completes its first affiliated endurance ride and may only attempt four rides during this period, ie if a horse successfully completes its first ride on 1st July, it cannot upgrade to endurance status until after 28th September and may only enter four rides during this period. There is no limit on the time it takes to reach endurance status. Your horse can be a novice for as many months (or years) as you like.

When your horse has successfully completed 240 kms of affiliated endurance (not training) rides, it can be upgraded from novice (blue log book) to endurance (yellow log book) status.

Ensure the brands are clear. If not, have the horse re-branded or microchipped (Refer to rule H5.2(a) - (b) ) and H5.3).

Have a vet complete the horse identification form (written description and diagrams) and sign it. Identification and microchipping can be done at most rides, but it is advisable to check with the ride secretary beforehand.

Complete the logbook application form and attach I.D. form, novice horse logbook and the appropriate fee.

Please allow 10 working days from date of posting for return.

It is essential to retain a copy of the I.D. form and perhaps have it laminated for the future.

PLEASE NOTE An Endurance Horse Logbook will not be issued unless a signed Veterinary Identification Form **is** enclosed with the application. The I.D. in the novice log book is NOT acceptable.

If there is anything that you are unsure of, please do not hesitate to phone me.
